

AQ21(06) Additional Guidance from Defra and the Welsh Assembly Government - Nov 2006

D1 Chimney Height Calculation Helpline

This note supersedes the information given in the AQ11 (03)

There is now a new Helpdesk which provides support to Local Authorities for the assessment of D1 stack height calculations.

It combines the services formerly provided by the Local Authority Monitoring Helpline and Modelling Helpdesk and is accessible through the new Local Authority Air Quality Support Helpdesk which will then direct you to the relevant specialist team.

The Helpdesk can be contacted in the following ways:-

By phone 0870 190 6050

By e-mail lasupport@aeat.co.uk

By website <http://www.laqmsupport.org.uk/>
